

Village of Western Springs

Demolition Work - Sidewalk Closure 11/21/16 – 12/12/16

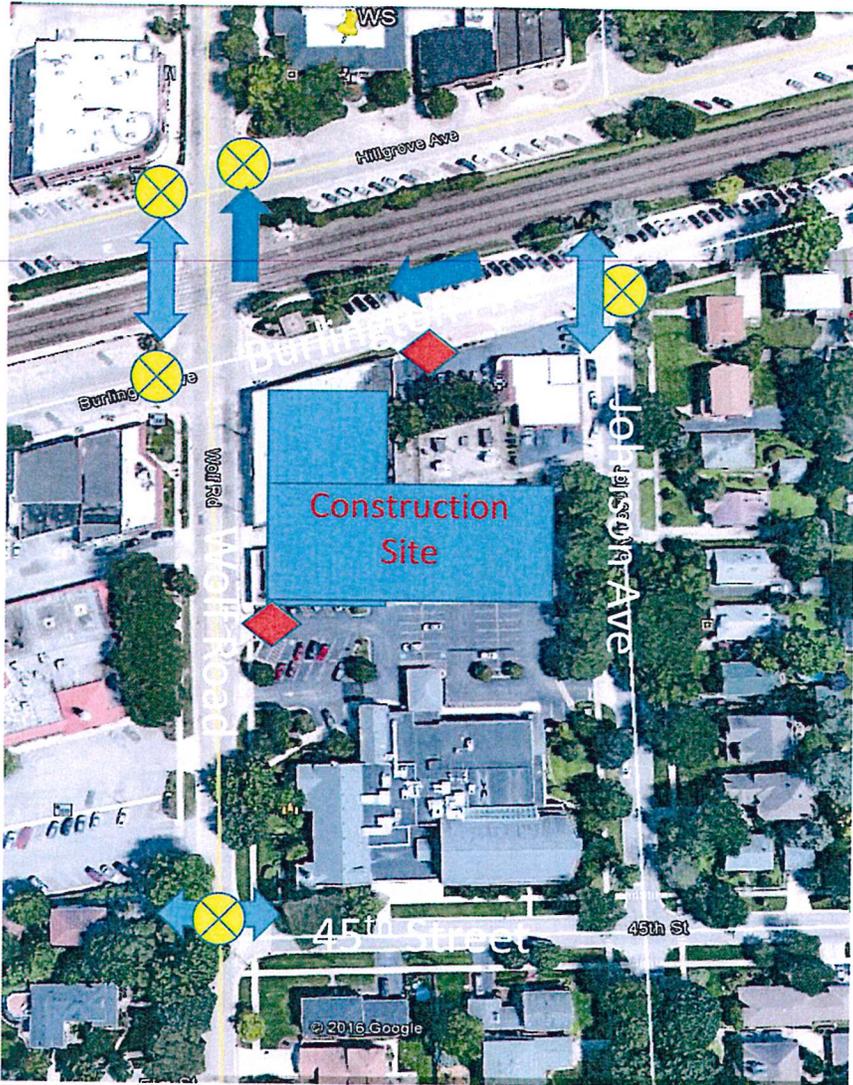

To: Western Springs School District 101 / Village of Western Springs

From: Foxford Communities / Foxford Station, LLC

Demolition work is scheduled to begin on November 21, 2016 of the former Tischler and Breen buildings at the SE corner of Wolf and Burlington. Demolition should be complete no later than 12/12/2016. On the attached map, the sidewalk closure area is indicated during the time of demolition activity. The sidewalk closure area basically includes the Wolf Road and Burlington Avenue frontages of the Tischler and Breen buildings. On school days during the demolition period, additional pedestrian crossing guards will be present as indicated on the attached map. These additional crossing guards will be present from 7:30 am to 8:15 am and 3:20 pm to 4:05 pm on school days during the demolition period. Upon completion of demolition work the sidewalk will be reopened until the Foxford Station building construction begins sometime 2017.

On these days, the additional crossing guards will direct student/pedestrians away from the sidewalk closure areas. Students/pedestrians will be directed to the west side of Wolf Road between 45th street and Burlington. In addition, students/pedestrians will be directed to the north side of Burlington between Wolf and Johnson Street. This will occur at both the AM and PM time frames indicated above on days when school is in session. Trained and screened crossing guards will be provided by the Andy Frain company and approved by the Western Springs Police Department. The additional Andy Frain crossing guards will work in conjunction with current crossing guards in the area.

Upon reviewing the map if you have any questions please feel free to contact the Western Springs Police Department at (708) 246-8540.
