### Declaration of Water Supply Emergency

Due to regional drought, the Village of Western Springs' water demand has averaged 2.384 MGD. This is on track with the drought conditions we experienced in 2021.

YEAR	AVERAGE DAILY DEMAND (MGD)
2023	2.384
2022	1.948
2021	2.341

**Our area is no longer considered to be under drought conditions, and therefore the Water Supply Emergency Declaration is rescinded, effective October 1, 2023.**

Please check the Village website at [www.wsprings.com](http://www.wsprings.com) for any updates or call the Municipal Services Department at 708-246-1800 ext. 200.
