RE: Request for Information on 5G Radiofrequency Energy and Public Health

Dear Mr. Mason:

CLERK

James Horvath

The purpose of this letter is to request any and all information you may have regarding the installation of 5G small cell wireless facilities in a residential community. Specifically, please provide any information regarding the impact that radiofrequency emissions from multiple towers may have on public health.

MANAGER

Ingrid Velkme

There are many residents in the Village of Western Springs concerned about the potential negative impacts on their health when small cell towers are installed. The Western Springs Village Board is not in a position to determine the impact, if any, on public health, and so we turn to you for information.

DIRECTORS

Please forward any research, analyses, or findings you are aware of that speak to the question: "Will the implementation of 5G small cell wireless facilities have an impact on public health?"

Thank you for your time and prompt attention to this critical issue.

Sincerely,

Alice Gallagher
President
