

# TUESDAY TOPICS

January 19, 2021

IDPH Vaccination Data/COVID-19 Update:

- The Illinois Department of Public Health (IDPH) recently announced that suburban Cook County, Region 10, has met the [required metrics](#) to advance to [Tier 2 mitigations](#). IDPH is making daily vaccination data available to the public on their [website](#). You can also access it from the [COVID-19 page](#) of the Village website.

Well #5 Update:

- The Village's new deep well is nearing completion. Over the next few weeks, equipment installations and hardware and software modifications will be completed at the water plant facilities. It is anticipated that in early February, the high resistance zig zag grounding transformer will be installed, after which pump tests will be initiated, followed by complete coliform testing. Once test results are clear, Well #5 will be brought into service. Any additional updates will be available on the [website](#).

T-Mobile Standpipe Equipment Replacement:

- The Village has completed a review of the proposed T-Mobile [equipment replacement request](#) for cellular equipment located on the standpipe at 300 48th Street. A permit for the equipment replacement has been approved by the Village under the provisions of the cellular lease agreement. Please note that the proposed equipment replacement is on an existing macro-cell site, and does not include the installation of new small-cell equipment.

Pay Water Bills Online:

- Pay water bills online with Green Pay. With the Village's new online utility bill payment option, residents can receive water bills electronically, sign up for Auto Pay (ACH) payments from the bank, or pay with a credit or debit card (a \$2.00 convenience fee applies). Go to [www.wsprings.com](http://www.wsprings.com) for more information, and to register.

Recreation Program Registration Underway:

- The new [Recreation Brochure](#) is available online and registration is underway. Online registration is now available using [RecDesk](#). In-person programs can resume this week, now that the region has advanced to Tier 2 mitigations. Details can be found [here](#).

Next Issue of Tower Topics:

- The January/February issue of Tower Topics has been mailed out to residents. You can also find it (and past issues) online [here](#).

Until next week,

Alice Gallagher,  
Village President
