WEST SIDE DRIVEWAY CLOSURE NOTICE

Lawn Ave and Grand Ave, 47th to 49th

May 11, 2022

Dear Resident,

This week the contractor installed a new curb and gutter and new driveway aprons on the east side of Lawn Ave and Grand Ave. It is time to begin work on the west side of Lawn Avenue and Grand Avenue. Please review the below information about the upcoming work. In addition, this information can be viewed on the project website www.wsprings.com/2023asphalt.

[Project Construction Sequencing: Stage 2 – West Side Curb & Gutter replacement](#)

East Side Residents: East Side residents will have their driveways opened on Sunday, May 14th. A Contractor representative will move the barricade on Sunday. East side residents will have driveway access while the work on the west side is ongoing. There may be traffic delays due to construction activities.

West Side Residents: The Contractor has advised they expect to start work (weather permitting) on the west half of Lawn Ave and Grand Ave starting Monday, May 15th. On Monday, May 15th we anticipate the contractor will begin removal of the west side concrete curb and gutter on both streets. Once the curb and gutter are removed, we expect **west side residents will be without driveway access for at least 2 weeks**. The contractor will knock on your door prior to removing the driveway access. During this time the project contractor will be prepping and then placing a new concrete curb and gutter followed by a new driveway apron. During construction working hours (7:30 am to 5:00 pm), west-side residents will need to park their vehicles on a nearby side street that is not under construction (48th Street, 49th Street, or Lawn and Grand south of 49th Street). Residents may park on the east side of Lawn and Grand within the work zone after 5:00 pm each day but those vehicles will need to be moved prior to construction work starting at 7:30 am. No work is currently planned for weekends. The Police Department has already been notified about the need for overnight street parking.

[Project Contact Information](#)

The Village is utilizing a consultant engineer, Christopher B. Burke Engineering Ltd., to provide construction inspection services on this project. The Resident Engineer Boris Vukovic will be on vacation starting tomorrow. He will be back on May 30th. Another resident engineer, Kevin Klein will be observing construction during that time. Kevin can be reached at 224-446-0577, or via email kklein@cbbel.com. Finally, should you have any general project questions or concerns please don't hesitate to contact Staff Engineer Inga Cebelis at 708-246-1800 ext. 276 or via email icebelis@wsprings.com.

Sincerely,
VILLAGE OF WESTERN SPRINGS

Inga Cebelis, Staff Engineer
