

UPDATED EAST SIDE DRIVEWAY CLOSURE NOTICE

Harvey Avenue, 41st Street to Hillgrove Avenue

May 15, 2023

Dear Resident,

The Contractor has just informed the Village that their schedule has changed and that they expect to start concrete work on the east side of the street Thursday May 18th. Previously we expected the work to start on Tuesday May 16th, but this is no longer the case.

East side residents please have your vehicles out of your driveway and parked on a nearby side street by 7am on Thursday May 18th. For additional information on what to expect please refer to the May 11 construction notice that was provided last week. That notice can also be found on the project website www.wsprings.com/2023harvey.

You may notice work in the street on the 4100 block of Harvey over the next couple of days. That work was permitted through the Village and is being done by a private contractor for a resident. There may be road delays or temporary closures for the permit work.

Project Contact Information

As a reminder, the Village is utilizing a consultant engineer HR Green, for construction inspection services on this project. The consultant contacts are Kevin Berry – Project Manager, 815-509-5268 and Brad Kowitzke – Resident Technician, 815-593-0021 who will generally be on-site and they are the best point of contact for any immediate project concerns or driveway outage coordination issues.

Sincerely,

VILLAGE OF WESTERN SPRINGS

Jefferey A. Koza, PE, CFM
Village Engineer
